

Cockpit Cloth

PRODUCT DESCRIPTION

The MERX Cockpit Cloth is made from 100% microfibre and is excellent for cleaning the car interior. As a result of the 2 different sides, the cloth can be used for cleaning both stubborn, deep-rooted dirt (with the grooved side) and removing dust (with the terry/waffle side) from the dashboard. For wet or dry use. Exercise caution when using on coated surfaces! Ideal when combined with MERX Cockpit Foam!
