

Large cutting board – natural mountain larch

Wooden cutting boards better than plastic because they contain natural essential larch resin

NEW!

ANTIBACTERIAL

Quality stainless steel sign

Very large rubber-coated stainless steel foot for stability

The power of nature!

PRODUCT DESCRIPTION

A good cutting board is one of the most important kitchen utensils. Many research studies have shown that wooden cutting boards are better than plastic boards because wood, and in particular the native mountain larch we use, has a natural antibacterial action. This has been tested and proven by the Hohenstein Institute. This solid larch cutting board boasts a classic and timeless design. The board features a top quality look, extreme stability and the unique natural antibacterial properties of solid larch from the high mountains. Carefully laminated, solid larch cut in rift and semi-rift (annual growth rings) ensures minimal warpage and unlike conventional products it typically resists cracking. The stainless steel foot, made using top quality chromium steel, has a highly elastic rubberised coating is a classy design that ensures excellent ventilation underneath the board and guarantees secure, non-slip use.

HOW TO USE

Wash thoroughly in cold water, then rinse in hot water; dry using a tea towel and stand up right to dry completely.

FEATURES

- Long-lasting antibacterial action
- Certified by the Hohenstein institute (19.8.3.0002)
- 100% solid mountain larch from Austria
- High quality, rugged, stabile, extreme long-lasting
- Finger-jointed construction (IFT), largely with no limbs or faults
- Easy on blades
- Easy to care for
- Rubber-coated solid stainless foot makes it extremely stable; never slips
- No microplastics (that accumulate when cutting on plastic boards)
- Made with exclusively renewably sourced wood
- Climate protection: CO₂ (cutting board stores 2.3 kg CO₂)
- MADE in AUSTRIA

TECHNICAL DATA

Material:	100% larch; Stainless steel 1.4305; Polyurethane, contains no plasticizer
Sizes*:	42 x 28 x 2,1 cm 45 x 28 x 2,1 cm
Weight*:	1,5 kg (42x28 cm) 1,7 kg (45x28 cm)
Item-No.:	101230 (42x28 cm) 101231 (45x28 cm)
EAN (42 cm):	9120017752684
EAN (45 cm):	9120017752707
