

PRO CLIP Pro-Holder

The ski and tools holder

Patented: DE/10 2012 018 175
Design patent protected:
EU / 002109850-0001

PRODUCT DESCRIPTION

No other holder system is as user-friendly while at the same time, being able to withstand as much as PRO CLIP can, and no other system has as many possible uses. Whether for winter sports, household, DIY or garden equipment, it is the perfect solution for practical and easily accessible storage and is user-friendly and efficient. With PRO CLIP, almost everything can be stored without the need for manual opening. Operation is extremely easy and self-explanatory thanks to the parallel clamping jaws. The jaws are kept in parallel thanks to an internal toothed rod which is pre-tensioned by a spring and ensures that the clamping jaws automatically close, and that therefore that even thin and light objects can be clamped. PRO CLIP can be installed in various versions without any problems. Either each unit individually at the desired position or as a set by using the connecting elements.

FEATURES

- Easy handling
- Can be extended as required
- Weight determines the clamping effect!
- Simple installation
- Can withstand loads of up to 12kg
- Patented DE / 10 2012 018 175
- Design patent protected EU / 002109850-0001
- Suitable for: skis, snowboards, skateboards, sports equipment, garden and pole-based equipment

PRODUKTDATEN

Material:	Glass fiber reinforced plastic
Colors:	red/black
Size*:	168 x 70 x 85 mm
Weight*:	290 g

PACKAGING 1-PACK

Size*:	168 x 260 x 90 mm
Weight*:	350 g
Item-No.:	100060
EAN:	9120017751816

PACKAGING 3-PACK

Size*:	190 x 208 x 88 mm
Weight*:	1 kg
Item-No.:	100061
EAN:	9120017751823
