

Universal cleaning set

Pro Cleaner Serie

Streak-free
cleaning!

PRODUCT DESCRIPTION

The MERX Pro Cleaner universal cleaning has been specially developed for professional cleaning throughout the home. Made of particularly environmentally friendly materials, it delivers the best results with the microfibre mop products. The universal mop from the professional range is specially suited to all surfaces, as well as hard floor coverings, soft floor coverings and objects of all kinds. It can be used dry and damp.

TO USE

Spray the spray cleaner thinly onto the surfaces to be cleaned, and remove with the universal mop.

Spray cleaning: depending on the level of dirt, add ½ (12.5 ml) to 1 (25 ml) dosage cap of concentrate to a 500 ml spray bottle. Top up with cold water. This gives you up to 40 bottles of cleaner.

Normal cleaning: for further applications, note the dosage instructions on the concentrate label.
