

Intimate Care Balm Dispenser

PRODUCT DESCRIPTION

The **intimate care balm dispenser** is a toilet paper dispenser for the dispensing of either dry toilet paper or paper moistened with intimate care balm for personal intimate use. The unique running gear design allows the paper to be both pushed forward and coated with balm. All that is needed to coat standard toilet paper with the balm is a simple pull of the lever. During non-use, the lever remains dry.

Intimate care balm

Gentle, natural cleansing and intimate care. In contrast to many conventional wipes, this balm is free from water, alcohol and preservatives. Specially developed and produced from medicinal white oil in accordance with European Pharmacopoeia standards, it contains soothing extracts of Roman chamomile, linaloe and palmarosa for the mild and natural cleansing of the intimate area while also caring for the skin and reducing bacteria. The soothing effect of the ingredients was even known to and valued by Cleopatra. There are 160 applications in one bottle, and it also has a soothing effect when used on delicate baby skin, is anti-allergenic and hygiene-tested.
