

Wheel Cleaner

PRODUCT DESCRIPTION

Effortlessly removes the most stubborn dirt, such as brake dust, oil and other road debris. Self-activating cleaner. The colour indicator turns red once it has reached its application time. Acid-free guarantee and suitable for all steel and alloy wheels.

TO USE

Spray the wheels with wheel cleaner. Allow to activate for 3-4 minutes – in which time the product turns a shade of red. Rinse off with a strong water jet or drive through the car wash. If extremely dirty, a sponge or brush may be necessary. Warning: Do not use on heated wheels or in the blazing sun. Do not allow to dry. For use on high-shine, polished and other sensitive wheels, first test material compatibility on inconspicuous areas.

WARNING: Sodium mercaptoacetate. May cause an allergic skin reaction. Keep out of reach of children. Avoid breathing dust/fume/gas/mist/vapours/spray. Wear protective gloves/ eye protection. If skin irritation or rash occurs: seek medical advice/attention. SKIN CONTACT: Wash with plenty of water
