

Screen Cleaning Set

Pro Cleaner Serie

PRODUCT DESCRIPTION

The MERX Pro Cleaner screen cleaner cleans and protects screens, tablets, smartphones and synthetic surfaces in offices and in the IT area. Unlike standard cleaners, the Pro Cleaner has been harmonised and tested with the latest, high quality materials in mind. The super-soft micro-fleece cover has been specially designed for sensitive screen surfaces and guarantees streak-free cleaning. Dirt, grease and fingerprints are easily removed. Also suitable for other office appliances, such as telephones, PC housing, keyboards, etc.

TO USE

Distribute the spray foam evenly over the surface. Then remove with the screen mop or the bamboo cotton cloth recommended by us, and polish to a high shine.

Dosage: high-performance screen cleaner concentrate may not be used undiluted. Add 1 dosage cap (25 ml) to the 500 ml bottle with the foam sprayer and top up with water. This gives you 10 litres of ready-to-use cleaner.
